

Northern States Power Company
2022 -2024 MYRP
Association Dues

ELECTRIC	2022	2023	2024
Association Dues Excluded	35,502.15	37,185.50	36,567.84

An adjustment is required to remove costs associated with organizational dues that are not allowed for recovery from customers. Consistent with the Commission’s June 14, 1982 Statement of Policy on Organizational Dues, the Company is required to reduce administrative and general expenses for either social organizations or organizations not associated with the State of Minnesota.

The Association Dues adjustment for the rate case was based on an allocation of 2019 actual allowances applied to the applicable test year or plan year budget. This was done to provide consistency and comparability across the MYRP years and to base the adjustment on the last year of actual data consistent with the employee expense adjustment.

Since its inception in 1972, MWL has provided opportunities for members to develop as leaders, network with other attorneys, and have an impact on their communities by fostering a greater satisfaction within the profession. MWL continues to address the changing needs of women in the legal profession through initiatives that are guided by our mission and values.			ETwoFacto Electric	Include		64	56	0	0

**Northern States Power Company
State of Minnesota Electric Jurisdiction
2022-2024 MYRP**

Aviation Adjustment

The Aviation adjustment removes 100 percent of the aviation-related costs to the Minnesota electric jurisdiction. These costs are incurred in lieu of commercial aviation transportation and help to facilitate the efficient use of executive time, as discussed by Company witness Mr. Kile Husen.

Northern States Power Company
State of Minnesota Electric Jurisdiction
2022-2024 MYRP

Aviation Adjustment

Chamber of Commerce

ELECTRIC		2022	2023	2024
MN	Chamber of Commerce	156,285.86	156,285.86	156,285.86
	100% inclusion	156,285.86	156,285.86	156,285.86

The Company has included membership dues paid to various Chambers of Commerce in Minnesota in the 2022 test year and 2023-2024 plan years. Chambers of Commerce provide an essential link between the Company and the communities it serves, allowing for improved utility service. Because membership in these organizations provides benefits to all utility customers, recovery of membership dues paid to Chambers of Commerce is consistent with the Commission's June 14, 1982 Statement of Policy on Organizational Dues. Chamber of Commerce dues are initially recorded below the line; thus, an adjustment is necessary to include Chamber of Commerce dues in test year costs.

The Chamber of Commerce adjustment for the rate case was based on an allocation of 2020 actual allowances applied to the applicable test year or plan year budget. This was done to provide consistency and comparability across the MYRP years and to base the adjustment on the last year of actual data consistent with the employee expense adjustment.

Northern States Power Company

2022-2024 MYRP

Chamber Dues Adjustment

The purpose of this adjustment is to include in the test year certain association dues paid to the Chamber of Commerce that the Company feels are an appropriate cost to be included in base rates.

Interest on Customer Deposits

Customer deposits are treated as customer-supplied capital; thus it is appropriate to include interest expense on customer deposits to pay a return on that investment. The average balance of customer deposits are deducted from rate base and at the same time operating expenses are increased to permit the recovery of interest paid on these deposits.

Northern States Power Company
2022 -2024 MYRP
Charitable Contributions

ELECTRIC	2022	2023	2024
Charitable Contributions	1,168,991.57	3,369,498.33	3,372,238.75
Total	1,168,991.57	3,369,498.33	3,372,238.75
50% inclusion	584,495.79	1,684,749.16	1,686,119.37

The Company is permitted to recover 50 percent of charitable contributions benefiting Minnesota. Because charitable contributions are initially recorded below the line, an adjustment is necessary to include these costs in the test year and plan years.

In 2021-2023, the Company anticipates utilizing \$17.5 million (Xcel Energy consolidated) in proceeds from the sale of the Mankato Energy Center (MEC) to cover Xcel Energy Foundation funding. This approach reduces the amount of charitable contributions included in NSPM rates while keeping the Company's charitable giving levels steady. Specifically, MEC proceeds are anticipated to fully fund the foundation in 2021 and 2022, leaving only the 2021-2023 Other Donations and a portion of the 2023 foundation funding in rates.

The Company's MYRP charitable contributions budget was then further reduced for ratemaking purposes by adjusting the test year and plan year budgets to reflect the actual 2020 contributions that should remain below the line. This application of a 2020 adjustment to the test year and plan years provides consistency and comparability across the MYRP years, bases the adjustment on the most recent year of actual data, and is consistent with the Company's employee expense adjustment process.

Finally, the Company makes the adjustment to include 50 percent of the net foundation funding and Other Donations in its revenue requirement.

**Northern States Power Company
State of Minnesota Electric Jurisdiction
2022-2024 MYRP Test Year**

Economic Development Donations

The Company is allowed to recover 50 percent of economic development donations benefiting Minnesota. Because economic development donations are initially recorded below the line, an adjustment is necessary to include these costs in the test year.

Employee Expense Adjustment

The employee expense adjustment accounts for employee expense that appear inconsistent with the guidelines in our employee expense policy, or have been identified as generally not being needed for the provision of utility service. Mr. Husen provides the background and basis for the Employee Expense adjustment in his Direct Testimony.

Long Term Incentive Removal Adjustment

This adjustment removes Long-Term Incentive from recovery. Adjustments A26 and A27 add back Environmental and Time Based components of LTI. The Direct Testimony of Ms. Ruth Lowenthal discusses Long-Term Incentive in more depth.
