Terms

Rebate Program Details

The Smart Thermostat Rebate is available to Xcel Energy's Colorado residential rate customers in single family homes who purchase and install a new qualified smart thermostat on or after October 1, 2018. In order to be eligible, the customer must meet one of the following conditions:

- The customer has a central air conditioning system and Xcel Energy electric service.
- The customer has a natural gas furnace and Xcel Energy gas service.

How to Submit Your Form

Account holder rebate forms must be POSTMARKED or e-mailed by September 30th of the year following the invoice date. A clear copy of a valid, dated purchase receipt must accompany this rebate form. The receipt must list the smart thermostat as a purchased item and correspond with the information in this rebate form. Xcel Energy will not process the rebate form without a clear copy of a valid, dated purchase receipt as noted.

The rebate form may be signed, scanned and submitted electronically along with your scanned, valid, dated purchase receipt to residentialrebates@xcelenergy.com.

Rebate Payments

Xcel Energy issues rebates in the form of checks, not utility bill credits. If your rebate form is accepted, Xcel Energy will process and mail your rebate check in six to eight weeks. All program rules must be followed in order for rebates to be paid.

Limitations

Rebate qualifications and amounts are subject to change any time. The Smart Thermostat Rebate program may be cancelled with 30 days' notice.

Only one rebate is available per customer/account holder. Rebates are only available for purchases of new qualified smart thermostats; purchases of used or pre-owned smart thermostats are not eligible for the rebate. Residents of apartments or condominiums are not eligible.

Xcel Energy reserves the right to refuse payment if the customer violates terms. Xcel Energy does not expressly or implicitly warrant the performance of installed equipment (please contact your smart thermostat manufacturer for warranty information).
